“For protection of the facial area and
associated mucous membranes (eyes, nose, mouth)
from splashes, sprays, and spatter of body fluids.

Face shields are generally not used alone,
but in conjunction with other protective equipment.”

PMC: US national Institute of Health

*Special price as import duty was waived

One professional treatment would cost \$1000s which is not practical on daily, weekly, monthly or even quarterly basis whereas with a fraction of that cost you can treat your premises as many times as you like daily, weekly, monthly basis, **your choice.**
